

2019 SPONSORSHIP OPPORTUNITIES

BIENNIAL IPEBLA CONFERENCE

Become a Sponsor

It is fitting that this **International Pension and Employee Benefits Lawyers' Association (IPEBLA)** conference brings us to Lisbon, the home of the early explorers. The Age of Discovery begun, in part, by the Portuguese in the European “old world” and touched several continents, many of which were uncertain territories and “new frontiers” at the time. Inevitably, the explorers encountered rough waters and had to recalibrate routes along the way.

Importantly, as the Portuguese sailors navigated the world, they charted their progress, providing future generations with valuable thoughts about where they had been, the challenges they faced and maps displaying the literal paths forward. It is our hope that this 17th international conference provides some of the very same outcomes for attendees.

New to the **2019 Biennial IPEBLA Conference** are opportunities to be a sponsor. These opportunities will provide our member organizations a chance to get more involved in the international conference and make a lasting impact on fellow members and conference delegates. The following sponsorship opportunities are limited and will be awarded on a first come, first served basis and we encourage our members to contact the IPEBLA office for more information on how to get involved.

Break Sponsor

Two available

\$500 USD each

Become one of our Break Sponsors. As an official Break Sponsor your organization will be the sponsor of either the Day 1 or Day 2 morning break. As a Break Sponsor you will receive the following benefits:
